20 Introductory Statement

This handbook is designed to acquaint you with THE COMPANY and provide you with information about working conditions, employee benefits, and some of the policies affecting your employment. You should read, understand, and comply with all provisions of the handbook. It describes many of your responsibilities as an employee and outlines the programs developed by THE COMPANY to benefit employees. One of our objectives is to provide a work environment that is conducive to both personal and professional growth.

No employee handbook can anticipate every circumstance or question about policy. THE COMPANY reserves the right to revise, supplement, or rescind any policies or portion of the handbook from time to time as it deems appropriate, in its sole and absolute discretion.

This handbook is the property of the company and can be used for company business only. Any other use is prohibited.

30 Our Mission Statement

Our mission is to gain and keep customers by exceeding their expectations. We exceed customer expectations by providing consistent quality products and efficient, friendly service in a clean, neat and orderly manner at value prices. We are a Green company and take seriously the our stewardship of the environment as we work to help our customers be successful with the green products and services we offer.

We accomplish our mission through attention to detail and a desire to please every customer.

Simply put, to be the best at what we do, for the benefit of our customers, employees, and stockholders.

Goals and Expectations (12-28-93)

We believe that our employees are at the same time our most important asset and our most important resource, to be developed and nurtured. We have four goals, which are for all employees and all positions.

- To gain satisfied customers by providing quality products and services.
- To improve the company's image.
- To achieve the employees goals through achieving the company's goals.
- To improve the company's bottom line profit.

We are a team, and can only achieve all our goals if we pull together. We have three expectations of all employees: Commitment, Attitude, and Results. Each of these can be clearly defined.

Commitment is demonstrated by dependability, time at work, outside study, proper sanitation practices, communication style and content, candor, honesty, and no surprises. We expect every employee to behave in a manner that will advance themselves in their job and not undermine their own success.

Attitude is demonstrated by working with and supporting the team, identifying and going the extra mile when needed, plant sense, people sensitivity, cost sensitivity and awareness. Being a solution finder. Keeping the company's goals foremost in your mind at all times. Showing loyalty to each other.

Results are demonstrated by accomplishment of our production and financial targets. Customer satisfaction, quality of availability, quality and quantity of product produced and shipped, clean, neat, orderly and safe work place free of weeds and pests, recognizing people as resources and growing people for the company.

40 History

In 1951, Ralph and Muriel Pinkus started a small nursery with nine acres of grassland on Northaven Rd. With a commitment to quality and value for their customers, the nursery has grown into one of the most respected horticultural ventures in the area. Ralph always had an agenda of introducing new plants that were well acclimated to north Texas and would provide improved benefit for the consumer.

North Haven Gardens (landscape & retail) and Nortex Wholesale Nursery (wholesale growing) grew slow at first, each composed of separate profit centers. The companies were incorporated in 1969. In 1972/3 Jon & David Pinkus joined the business full time, making it a true family business.

In 1972 Jon started the greenhouse operation in Wylie, Texas. It has grown over the years to over 280,000 square feet of greenhouse. It serves area retailers and contractors by providing a wide range of quality greenhouse grown plants with outstanding service helping our customers be successful with the products they get from Nortex. The greenhouse range has expanded to provide improved serve in 1975, 1977, 1982, 1991, 1993, 1995, 1999, and 2002.

Beginning in the 1970's Ralph worked hard with the North Dallas Chamber of Commerce and the Dallas Park Department to create an Arboretum and Botanical Garden for Dallas that would show the public what could be done here.

In 1977 Ralph started Tawakoni Plant Farm on the lake in east Texas. The nursery grows quality trees and shrubs which it delivers to retailers and contractors throughout the five state area.

In the 1980's the company underwent a lot of changes while adjusting to the new economic challenges. In 1992 David Pinkus left the company to pursue his interests political lobbying in Austin with Small Business United. Lillian Pinkus took over the landscape business, Jon took over the retail in addition to Nortex and the administration of all companies.

In 1993 the retail store was transferred to Nortex in order to separate it from the landscape business and its commercial "off property" exposures, staff requirements, and capital demands. The Forest Lane re-wholesale yard was merged into the retail store on Northaven Rd. to increase inventory efficiency and recognize the changing marketplace.

In 2000 the landscape company was sold to ValleyCrest in order to provide it with a national presence for its corporate customers and provide for continued quality growth. ValleyCrest is the largest privately owned landscape company in the country.

In 2002 David Pinkus took over the operation of the Tawakoni Plant Farm.

In 2003 Aaron Pinkus joined the company as Vice President over the Wylie Greenhouse. In 2007 he introduced the new branding program, Blue Label Herbs, for the herbs grown at Wylie. Aaron added additional greenhouse space in 2009, 2010, 2011, 2014 and 2015. He also expanded Blue Label line to include Veggies and Color in 2012. In 2016 Nortex Wylie received designation as a Certified Organic Grower.

In January 2005 Leslie Halleck joined the company as General Manager of the Retail division and continued to build on its reputation while improving its financial success through 2012.

In October 2013 Cody Hoya joined our team taking the leadership helm or our retail division. December 2014 we opened the Art Gallery at NHG. Spring 2016 we the Café at North Haven Gardens.

EMPLOYMENT

101 NATURE OF EMPLOYMENT

Employment with THE COMPANY is voluntarily entered into, and the employee is free to resign at will at any time, with or without cause. Similarly, THE COMPANY may terminate the employment relationship at will at any time, with or without notice or cause, so long as there is no violation of applicable federal or state law.

Policies set forth in this handbook are not intended to create a contract, nor are they to be construed to constitute contractual obligations of any kind or a contract of employment between THE COMPANY and any of its employees. The provisions of the handbook have been developed at the discretion of management and, except for its policy of employment-at-will, may be amended or canceled at any time, at THE COMPANY's sole discretion.

These provisions supersede all existing policies and practices and may not be amended or added to without the express written approval of the chief executive officer of THE COMPANY.

102 EMPLOYEE RELATIONS

THE COMPANY believes that the work conditions, wages, and benefits it offers to its employees are competitive with those offered by other employers in this area and in this industry. If employees have concerns about work conditions or compensation, they are strongly encouraged to voice these concerns directly to their supervisors.

Our experience has shown that when employees deal openly and directly with supervisors, the work environment can be excellent, communications can be clear, and attitudes can be positive. We believe that THE COMPANY amply demonstrates its commitment to employees by responding effectively to employee concerns.

103 EQUAL EMPLOYMENT OPPORTUNITY

In order to provide equal employment and advancement opportunities to all individuals, employment decisions at THE COMPANY will be based on merit, qualifications, and abilities. THE COMPANY does not discriminate in employment opportunities or practices on the basis of race, color, religion, sex, national origin, age, disability, or any other characteristic protected by law.

THE COMPANY will make reasonable accommodations for qualified individuals with known disabilities unless doing so would result in an undue hardship. This policy governs all aspects of employment, including selection, job assignment, compensation, discipline, termination, and access to benefits and training.

Any employee with questions about any type of discrimination in the workplace are encouraged to bring these issues to the attention of their supervisor or the Human Resources Department. Employees can raise concerns and make reports without fear of reprisal. Anyone found to be engaging in any type of unlawful discrimination will be subject to disciplinary action, up to and including termination of employment.

105 HIRING OF RELATIVES

The employment of relatives in the same area of an organization may cause serious conflicts and problems with favoritism and employee morale. In addition, personal conflicts from outside the work environment can be carried into day-to-day working relationships. For these reasons, the hiring of

relatives is prohibited. Rare exceptions may be approved in writing by upper management under certain circumstances, like part time, temporary or seasonal work.

Relatives of persons currently employed by THE COMPANY may be hired only if they will not be working for or supervising a relative. THE COMPANY employees cannot be transferred into such a reporting relationship. If the relative relationship is established after employment, management will decide who is to be transferred.

In other cases where a conflict or the potential for conflict arises, even if there is no supervisory relationship involved, the parties may be separated by reassignment or terminated from employment.

For the purposes of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the employee is similar to that of persons who are related by blood or marriage.

106 EMPLOYEE MEDICAL EXAMINATIONS

To help assure that employees are able to perform their duties safely, medical examinations may be required. After an offer has been made to an applicant entering a designated job category, a medical examination may be performed at THE COMPANY's expense by a health professional of THE COMPANY's choice. The offer of employment and assignment to duties is contingent upon satisfactory completion of the exam. Information on an employee's medical condition or history will be kept separate from other employee information and maintained confidentially. Access to this information will be limited to those who have a legitimate need to know.

The job categories of driver, forklift operator, cashier, and chemical applicator are required to undergo a medical review process. The process is structured to conform to the Americans with Disabilities act (ADA, 1990) and subsequent rules and regulations published July 26, 1991. After the conditional job offer the individual will be required to sign an Acknowledgement of Conditional Employment.

107 IMMIGRATION LAW COMPLIANCE

THE COMPANY is committed to employing only United States citizens and aliens who are authorized to work in the United States and does not unlawfully discriminate on the basis of citizenship or national origin.

In compliance with the Immigration Reform and Control Act of 1986, each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 and present documentation establishing identity and employment eligibility. Former employees who are rehired must also complete the form if they have not completed an I-9 with THE COMPANY within the current calendar year.

Employees with questions or seeking more information on immigration law issues are encouraged to contact the Human Resources Department. Employees may raise questions or complaints about immigration law compliance without fear of reprisal.

108 SOCIAL SECURITY COMPLIANCE

If THE COMPANY receives notice from the Social Security Administration that the employees' name and Social Security Number do not match, it is the employees' responsibility to contact the Social Security Administration to fix the problem. The employee must notify THE COMPANY of the corrected information. Employees with outstanding SSN mismatches are not eligible for increases, LOAs or rehire until they present evidence that they have corrected the SSN mismatch.

109 CONFLICTS OF INTEREST

Employees have an obligation to conduct business in a way that prohibits actual or potential conflicts of interest.

An actual or potential conflict of interest occurs when an employee is in a position to influence a decision that may result in a personal gain for that employee or for a relative. For the purposes of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the employee is similar to that of persons who are related by blood or marriage.

No "presumption of guilt" is created by the mere existence of a relationship with outside firms. However, if an employee has any influence on transactions involving sales, purchases, contracts, or leases, it is imperative that he or she disclose the existence of any actual or potential conflict of interest so that safeguards can be established to protect all parties. Any employee engaged in any outside enterprise must disclose such relationship on the **Outside Enterprise Disclosure Form**.

Personal gain may result not only in cases where an employee or relative has a significant ownership in a firm with which THE COMPANY does business but also when an employee or relative receives any kickback, bribe, substantial gift, or special consideration as a result of any transaction or business dealings involving THE COMPANY.

If it is brought to the attention of company management that an employee is engaged in a competing entity or similar impropriety, the employee so engaged will be subject to disciplinary action up to and including termination.

110 OUTSIDE EMPLOYMENT

An employee may hold a job with another organization as long as he or she satisfactorily performs his or her job responsibilities with THE COMPANY and such employment does not solicit customers of THE COMPANY. All employees will be judged by the same performance standards and will be subject to THE COMPANY's scheduling demands, regardless of any existing outside work requirements. Any employee engaged in any outside enterprise must disclose such relationship on the **Outside Enterprise Disclosure Form**.

Taking phone calls, soliciting customers, or conducting other activities for any outside work during work hours will be considered theft and may be grounds for dismissal.

If THE COMPANY determines that an employee's outside work interferes with performance or the ability to meet the requirements of THE COMPANY as they are modified from time to time, the employee may be asked to terminate the outside employment if he or she wishes to remain with THE COMPANY.

Outside employment will present a conflict of interest if it is perceived to have an adverse impact on THE COMPANY, its customers, employees or suppliers.

112 NON-DISCLOSURE

The protection of confidential business information and trade secrets is vital to the interests and the success of THE COMPANY. Such confidential information includes, but is not limited to, the following examples:

- Compensation data
- Customer lists
- Customer preferences

Financial information
Labor relations strategies
Marketing strategies
New materials research
Pending projects and proposals
Pricing information and strategies
Proprietary production processes
Research and development strategies
Technological data
Technological prototypes
Vendor Names

Any employee who improperly uses or discloses trade secrets or confidential business information will be subject to disciplinary action, up to and including termination of employment, even if he or she does not actually benefit from the disclosed information.

EMPLOYMENT STATUS & RECORDS

201 EMPLOYMENT CATEGORIES

It is the intent of THE COMPANY to clarify the definitions of employment classifications so that employees understand their employment status and benefit eligibility. These classifications do not guarantee employment for any specified period of time.

Accordingly, the right to terminate the employment relationship at will at any time is retained by both the employee and THE COMPANY.

Each employee is designated as either NONEXEMPT or EXEMPT from federal and state wage and hour laws. NONEXEMPT employees are entitled to overtime pay under the specific provisions of federal and state laws. EXEMPT employees are excluded from specific provisions of federal and state wage and hour laws. An employee's EXEMPT or NONEXEMPT classification may be changed only upon written notification by THE COMPANY management.

In addition to the above categories, each employee will belong to one other employment category:

REGULAR FULL-TIME employees are those who are not in a temporary or introductory status and who are regularly scheduled to work THE COMPANY's full-time schedule. Generally, they are eligible for THE COMPANY's benefit package, subject to the terms, conditions, and limitations of each benefit program.

REGULAR PART-TIME employees who are not in an Introductory status and are scheduled to work less than a 40 hour week but in all cases greater than 30 hours per week averaged over a 10 week period. They will receive all legally mandated benefits and a prorated portion of all eligible company benefits. Any employee who changes from a full-time employee to a regular part-time employee may carry his benefit eligibility forward on a prorated basis beginning on the date of part-time service.

PART-TIME employees are those who are not assigned to a temporary or introductory status and who are regularly scheduled to work less than 30 hours per week. While they do receive all legally mandated benefits, they are ineligible for all of THE COMPANY's other benefit programs. Any part-time employee working over an average of 30 hours per week for one full year will be eligible for prorated benefits after 1 year of such part-time service.

INTRODUCTORY employees are those whose performance is being evaluated to determine whether further employment in a specific position or with THE COMPANY is appropriate. Employees who satisfactorily complete the introductory period will be automatically reclassified. Introductory employees receive all legally mandated benefits, however, they are not eligible for other company benefits while in this classification. Introductory period is 90 days.

TEMPORARY/ SEASONAL employees are those who are hired as interim replacements, to temporarily or seasonally supplement the work force, or to assist in the completion of a specific project. Employment assignments in this category are of a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status. Temporary/seasonal employees retain that status unless and until notified of a change.

While temporary/seasonal employees receive all legally-mandated benefits their eligibility for other company benefits is as follows:

TEMPORARY/SEASONAL - eligibility by length of service

After 90 days of Service:

Sick pay

Holiday pay

After One Year Service:

Vacation pay (according to the vacation policy)

Bereavement pay

Jury duty

Health and Dental eligibility - none

REGULAR PART-TIME benefits will accrue on a prorated basis, generally as follows:

Sick Leave 3 hours accrued per month

Vacation 6-hour day

Holiday 6-hour day

Bereavement 6-hour day

ELIGIBILITY BY BENEFIT

BENEFIT	ELIGIBILITY
Bereavement Pay	After One Year
Holiday Pay	After Three Months Service
Jury Duty	After One-Year Service
Medical/Dental	Not Eligible
Sick Pay	After Three Months Service
Vacation Pay	After One-Year Service

202 ACCESS TO PERSONNEL FILES

THE COMPANY maintains a personnel file on each employee. The personnel file includes such information as the employee's job application, resume, records of training, documentation of performance appraisals and salary increases, and other employment records.

Personnel files are the property of THE COMPANY, and access to the information they contain is restricted. Generally, only supervisors and management personnel of THE COMPANY who have a legitimate reason to review information in a file are allowed to do so.

Employees who wish to review their own file should contact the Human Resources Department. With reasonable advance notice, employees may review their own personnel files in THE COMPANY's offices and in the presence of an individual appointed by THE COMPANY to maintain the files.

203 EMPLOYMENT REFERENCE CHECKS

To ensure that individuals who join THE COMPANY are well qualified and have a strong potential to be productive and successful, it is the policy of THE COMPANY to check the employment references of all applicants.

The Human Resources Department will respond to all reference check inquiries from other employers. Responses to such inquiries will confirm dates of employment, wage rate, and positions held.

It is recommended that all employees realize that most companies check references and that we are all responsible for our behavior in the long run.

204 PERSONNEL DATA CHANGES

It is the responsibility of each employee to promptly notify THE COMPANY of any changes in personnel data. Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in the event of an emergency, educational accomplishments, and other such status reports should be accurate and current at all times. If any personnel data has changed notify the Human Resources Department.

205 INTRODUCTORY PERIOD

The introductory period is intended to give new employees the opportunity to demonstrate their ability to achieve a satisfactory level of performance and to determine whether the new position meets their expectations. THE COMPANY uses this period to evaluate employee capabilities, work habits, and overall performance. Either the employee or THE COMPANY may end the employment relationship at will at any time during or after the introductory period, with or without cause or advance notice.

All new and rehired employees work on an introductory basis for the first 90 calendar days after their date of hire. Any significant absence will automatically extend an introductory period by the length of the absence. If THE COMPANY determines that the designated introductory period does not allow sufficient time to thoroughly evaluate the employee's performance, the introductory period may be extended for a specified period.

Upon satisfactory completion of the introductory period, employees enter either the "regular" or "seasonal" employment classification.

During the introductory period, new employees are eligible for those benefits that are required by law. After becoming regular or seasonal employees, they may also be eligible for other COMPANY provided benefits, subject to the terms and conditions of each benefits program. Employees should read the information for each specific benefits program for the details on eligibility requirements.

208 EMPLOYMENT APPLICATIONS

THE COMPANY relies upon the accuracy of information contained in the employment application, as well as the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in THE COMPANY's exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

- Memorial Day Last Monday in May
- Independence Day July 4
- Labor Day 1st Monday in September

(maximum of 8 hours per day). Salaried employees holiday pay will be calculated based on one-day are pay. Commissioned employees receive no holiday pay.

To be eligible for holiday pay, employees must work the last scheduled day immediately preceding and the first scheduled day immediately following the holiday. A recognized holiday that falls on a Saturday will be observed on the preceding Friday. A recognized holiday that falls on a Sunday will be observed on the following Monday.

If a recognized holiday falls during an eligible employee's paid absence (e.g., vacation, sick leave), holiday pay will be provided instead of the paid time off benefit that would otherwise have applied. The holiday may not be added to the vacation week unless approved in writing in advance by the department manager.

Paid time off for holidays will not be counted as hours worked for the purposes of determining overtime.

Employees cannot receive pay for the holiday in lieu of taking the day off with pay.

Certain operations within the company need to remain open daily. Since these operations remain open during recognized holidays, an employee may be required to work on the holiday and take an alternate day off with pay, as agreed upon with their supervisor. Those employees required to work on the holidays who are eligible for holiday pay, should schedule their alternative day off as close to the holiday as possible. Should an employee terminate within 30 days after the holiday, the unused holiday will be paid providing the employee gives a minimum 2-week resignation notice. If an employee is laid off prior to taking the holiday, the unused holiday will be paid upon termination. **Any holidays not taken will be forfeited on March 1 of each year.**

The state of Texas has approved this network to provide care for work related injuries and get people back to work safely.

5. All injured employees will be subject to a drug screen. A positive drug screen could result in non-payment of benefits.

All claims for lost time over one day must be supported by a finding from a company-designated physician that the employee was injured in the course and scope of employment and is unable to work in his or her present capacity.

If a company-designated physician finds that an employee cannot return to full work duties but can return to work under a Restricted Work Program (light duties) that employee is required to do so. Failure to comply with the above procedures is grounds for terminating benefits under this plan.

306 SICK LEAVE BENEFITS

THE COMPANY provides paid sick leave benefits to all eligible employees for periods of temporary absence due to illnesses or injury. This benefit is to help employees that would otherwise receive less than their scheduled regular pay in case of occasional illness. Sick pay will not be paid if an employee has worked a full week. A full week is based on the employees scheduled hours set up when he/she was hired or on the last Change of Status form submitted to Accounting.

Eligible employee classification(s):

Regular full-time employees - After completion of 90-day probationary period.

Regular part-time employees - (working over 30 hours/week, after one year service, prorated benefit)

Temporary/Seasonal - After completion of 90-day probationary period.

The sick time benefit begins to accrue at the beginning of the fourth month of employment at the rate of 1/2 day per month, up to 48 hours per year. Your sick pay is cumulative during the length of your employment. This unused sick pay accumulates from year to year giving an important cushion in case of a major illness. Unused sick time will not be reimbursed to the employee upon termination.

To be eligible for sick pay, employees must call and notify their manager of the illness as early as possible the morning of the absence. Doctor's certification may be required in some cases. If an employee is absent for three or more consecutive days due to illness or injury, a physician's statement may be required, verifying the disability and its beginning and expected ending dates. Such verification may be required as a condition to receiving sick leave benefits.

Paid sick leave can be used in minimum increments of one-half day. Eligible employees may only use sick leave benefits for an absence due to their own illness or injury.

Sick leave benefits will be calculated based on the employee's base pay rate at the time of absence and will not include any special forms of compensation, such as incentives, commissions, bonuses, or shift differentials.

To be eligible for sick leave benefits you must call your manager on the morning of your illness. The following managers can be reached at the extensions listed below:

Accounting	214-363-6715 Ext 331
Retail/Contract	214-363-6715 Ext 351

If the manager is not in, leave a voice mail message. If you have reached an improper extension, please use the directory to locate your manager's phone number.

307 TIME OFF TO VOTE

THE COMPANY encourages employees to fulfill their civic responsibilities by participating in elections. Generally, employees are able to find time to vote either before or after their regular work schedule. If

employees are unable to vote in an election during their non-working hours, THE COMPANY will grant up to one hour of unpaid time off to vote. Employees should request time off to vote from their supervisor at least two working days prior to the Election Day. Advance notice is required so that the necessary time off can be scheduled at the beginning or end of the work shift; whichever provides the least disruption to the normal work schedule.

308 BEREAVEMENT LEAVE

If an employee wishes to take time off due to the death of an immediate family member, the employee should notify his or her supervisor immediately. Eligibility for Bereavement Pay is 1 year from hire date.

Up to three days of paid bereavement leave in a calendar year will be provided to eligible employees in the following classification(s):

Regular full-time employees -

Regular part-time employees - (working over 30 hours/week, after one year service, prorated benefit)

Temporary/Seasonal –

Bereavement pay is calculated based on the base pay rate at the time of absence and will not include any special forms of compensation, such as incentives, commissions, bonuses, or shift differentials.

THE COMPANY defines "immediate family" as the employee's spouse, parent, child, sibling; the employee's spouse's parent, child, or sibling; the employee's child's spouse; grandparents or grandchildren. Special consideration will also be given to any other person whose association with the employee was similar to any of the above relationships.

309 INDUSTRY SEMINARS AND SHORT COURSES

Employees who have completed one year of continuous service, in a leadership position, may be chosen to attend a seminar or short course pertinent to their position within the company. To be considered employees must be successfully accomplishing their job description, initiating self-improvement related to job skills and knowledge and be exhibiting the ability to communicate and share information with their peers and staff.

The company will pay for seminar fees, travel, and lodging.

Upon completion an impact report must be submitted to the Department Manager and appropriate staff members who could benefit.

If the employee leaves the company prior to completing one year of service following the seminar or short course, the fee and any related reimbursed or prepaid expenses will be deducted from the final paycheck.

The seminar approval form must be completed by the Department Manager in advance of enrolling in an approved course. Original must be sent to personnel and a copy to the employee at the time approval is given.

310 TUITION REIMBURSEMENT

Any employee who has completed one year's continuous service and wants to improve his/her knowledge in areas related to employment within the company is encouraged to enroll in such education courses at community colleges or short courses that might be offered. The company has a budgeted fund for reimbursing all or part of such tuition fees at approved schools as authorized by upper management, providing the employee completes the course and receives a passing grade.

Upon completion an impact report must be submitted to the Department Manager and appropriate staff members who could benefit.

If the employee leaves the company prior to completing one year of service after receiving reimbursement of tuition, the amount of the tuition and any related reimbursed expenses will be deducted from the final paycheck.

The tuition approval form must be completed by the Department Manager in advance of enrolling in an approved course. Original must be sent to personnel and a copy to the employee at the time approval is given. Upon completion of the course, a copy of the tuition receipt and grades must be submitted to Personnel for reimbursement, provided the above-mentioned conditions have been met.

311 JURY DUTY

THE COMPANY encourages employees to fulfill their civic responsibilities by serving jury duty when required. Employees in an eligible classification may request up to one week of paid jury duty leave over any one year period. The employee must advise his/her supervisor immediately upon receipt of notice.

Jury duty pay will be calculated on the employee's base pay rate times the number of hours the employee would otherwise have worked on the day of absence (maximum 8 hours per day). Employee classifications that qualify for paid jury duty leave are:

Regular full-time employees - after 90 days continuous employment

Regular part-time employee - (working over 30 hours/week, after one year service, prorated benefit)

Temporary/Seasonal employees - after 90 days continuous employment

If employees are required to serve jury duty beyond the period of paid jury duty leave, they may use any available paid time off (for example, vacation benefits) or may request an unpaid jury duty leave of absence.

Employees must show the jury duty summons to their supervisor as soon as possible so that the supervisor may make arrangements to accommodate their absence. Of course, employees are expected to report for work whenever the court schedule permits.

Either THE COMPANY or the employee may request an excuse from jury duty if, in THE COMPANY's judgment, the employee's absence would create serious operational difficulties.

THE COMPANY will continue to provide the same level of monetary participation in health insurance benefits that the employee is currently receiving, until the end of the month in which the unpaid jury duty leave begins. At that time, employees will become responsible for the full costs of these benefits if they wish coverage to continue. When the employee returns from jury duty, benefits will again be provided by THE COMPANY according to the applicable plans.

Benefit accruals, such as vacation, sick leave, or holiday benefits, will be suspended during unpaid jury duty leave and will resume upon return to active employment.

All requests for Jury Duty must be given to your Supervisor and the Supervisor will turn in the Jury Duty form to the payroll department.

312 WITNESS DUTY

THE COMPANY encourages employees to appear in court for witness duty when subpoenaed to do so.

If employees have been subpoenaed or otherwise requested to testify as witnesses by THE COMPANY, they will receive paid time off for the entire period of witness duty.

Employees will be granted unpaid time off, if approved in writing in advance by their supervisor, to appear in court as a witness when requested by a party other than THE COMPANY. Employees are free to use any available paid leave benefit (e.g., vacation leave) to receive compensation for the period of this absence.

The subpoena should be shown to the employee's supervisor immediately after it is received so that operating requirements can be adjusted, where necessary, to accommodate the employee's absence. The employee is expected to report for work whenever the court schedule permits.

313 BENEFITS CONTINUATION (COBRA)

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under THE COMPANY's health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; and a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at THE COMPANY's group rates plus an administration fee.

THE COMPANY provides each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under THE COMPANY's health insurance plan. The notice contains important information about the employee's rights and obligations.

TIMEKEEPING/PAYROLL

401 TIMEKEEPING

Accurately recording time worked is the responsibility of every employee. Federal and state laws require THE COMPANY to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is all the time actually spent on the job performing assigned duties.

Employees should accurately record the time they begin and end their work, as well as the beginning and ending time of each meal period. They should also record the beginning and ending time of any split shift or departure from work for personal reasons.

Overtime work must always be approved before it is performed.

Altering, falsifying, tampering with time records, or recording time on another employee's time record may result in disciplinary action, up to and including termination of employment.

An unpaid lunch period is considered a necessary break in the workday. It must be taken and will be deducted.

403 PAYDAYS

All employees are paid weekly. Each paycheck will include earnings for all work performed through the end of the previous payroll period.

The pay period begins on a Sunday of each week and ends on Saturday. The paycheck covering the week's work is paid the following Friday. Therefore, there is a delay in receiving the first paycheck and pay day is on a weekly basis thereafter, which is on a Friday, at the completion of the work day, covering time worked in the proceeding Sunday through Saturday period. Failure to turn in time records as required may result in delay in receiving pay. Please do not ask for your paycheck early, as we will be unable to accommodate you.

In the event that a regularly scheduled payday falls on a day off, employees will receive pay on the last day of work before the regularly scheduled payday after 4:00 p.m.

If a regular payday falls during an employee's vacation, the employee may receive his or her earned wages before departing for vacation if a written request is submitted at least one week prior to departing for vacation.

405 EMPLOYMENT TERMINATION

Termination of employment is an inevitable part of personnel activity within any organization, and many of the reasons for termination are routine. Below are examples of some of the most common circumstances under which employment is terminated:

RESIGNATION - voluntary employment termination initiated by an employee.

DISCHARGE - involuntary employment termination initiated by the organization generally for violation of company policy.

LAYOFF - involuntary employment termination initiated by the organization for nondisciplinary reasons.

Since employment with THE COMPANY is based on mutual consent, both the employee and THE COMPANY have the right to terminate employment at will, with or without cause, at any time. Employee benefits will be affected by employment termination in the following manner. All accrued, vested benefits that are due and payable at termination will be paid. Some benefits may be continued at the employee's expense if the employee so chooses. The employee will be notified in writing of the benefits that may be continued and of the terms, conditions, and limitations of such continuance.

All company property must be returned in satisfactory condition.

408 PAY ADVANCES

In the event of a personal emergency, employees may submit a written request for a payroll advance to their supervisor or manager, indicating the nature of the emergency involved. The supervisor will submit the request to upper management for approval. The company is not a bank, however, we understand that hourly employees earning close to minimum wage may have few resources available to handle family emergencies. Under certain, infrequent situations, the company may grant the requested payroll advance. Advances may be subject to a weekly administration fee. Maximum payback period is 8 weeks.

409 ADMINISTRATIVE PAY CORRECTIONS

THE COMPANY takes all reasonable steps to ensure that employees receive the correct amount of pay in each paycheck and that employees are paid promptly on the scheduled payday.

In the unlikely event that there is an error in the amount of pay, the employee should promptly bring the discrepancy to the attention of their supervisor, or the Payroll Manager, so that corrections can be made as quickly as possible.

410 PAY DEDUCTIONS

The law requires that THE COMPANY make certain deductions from every employee's compensation. Among these are applicable federal, state, and local income taxes. THE COMPANY also must deduct Social Security taxes on each employee's earnings up to a specified limit that is called the Social Security "wage base". THE COMPANY pays a matching amount of Social Security taxes paid by each employee.

THE COMPANY offers programs and benefits beyond those required by law. Eligible employees may voluntarily authorize deductions from their paychecks to cover the costs of participation in these programs.

If you have questions concerning why deductions were made from your paycheck or how they were calculated, your supervisor can assist in having your questions answered.

WORK CONDITIONS & HOURS

501 SAFETY

To assist in providing a safe and healthful work environment for employees, customers, and visitors, THE COMPANY has established a workplace safety program. This program is a top priority for THE COMPANY. Managers have responsibility for implementing, administering, monitoring, and evaluating the safety program. Its success depends on the alertness and personal commitment of all.

THE COMPANY provides information to employees about workplace safety and health issues through regular internal communication channels such as supervisor-employee meetings, bulletin board postings, memos, or other written communications.

Each employee is expected to obey safety rules and to exercise caution in all work activities. Employees must immediately report any unsafe condition to the appropriate supervisor. Employees who violate safety standards, who cause hazardous or dangerous situations, or who fail to report or, where appropriate, remedy such situations, may be subject to disciplinary action, up to and including termination of employment.

Negligent accidents to property of the company or of the other persons are the sole responsibility of the employee involved. Accidents that occur as the result of negligence are not the responsibility of the company, but of the person causing the accident and must be paid for by that individual.

In the case of accidents that result in injury, regardless of how insignificant the injury may appear, employees should immediately notify their supervisor. Such reports are necessary to comply with laws and initiate insurance and injury related benefits procedures. A mandatory drug test shall be performed after any accident or injury.

A more detailed safety policy is included in your new hire paperwork for your review and signature.

502 WORK SCHEDULES

Each area of the company has its own unique work schedule. Your supervisor will inform you of your working hours. Working hours may vary from day to day and week to week. If you know of any potential scheduling conflicts, notify your supervisor in writing with at least 2 weeks advance notice. Any changes after the schedule is made must be trade-offs between appropriate staff. Trading personnel must work shift as traded.

All personnel will be required to take an unpaid lunch period. This time will be automatically deducted from the time card unless already noted.

503 CELL PHONES

Personal phone calls during work are an interruption to the workflow and are to be limited to emergency use only or approved breaks. Phone or cell phone abuse will lead to disciplinary action up to and including termination. Please limit all personal calls during business hours especially when you are on the sales floor, working with equipment or working in the greenhouses. We understand that staff members with children, parents, pets etc. that require care may need to make or receive "check in" calls once or twice through the course of the day. These are typically scheduled calls and we do not mind that they are made or received within reason. Every attempt should be made to make and receive personal calls on an appropriate break. In the case of an emergency, staff can be reached by calling the office of your work location.

In certain situations and positions it may be more productive to use your personal cell phone for

conducting the Company's business. In these situations you need to be especially careful not to compromise your safety or that of your co-workers.

Company provided cell phones are for company use only. Company text/voice/data plans are for business use only and should not be used up with personal business. Drivers are required to check in with the office when they arrive and depart each delivery location so that we are prepared to communicate accurately with our customers needing to know when their delivery will arrive. Driving with a cell phone has been shown to be as dangerous as drinking and driving. It is a violation of company policy to drive with a cell phone held to your ear. If you must make or take a call, pull off the road in a safe manner first.

In certain situations it may be both beneficial for the company and the employee, for the employee to use their personal cell phone. If the required use is significant the company may reimburse the employee for a portion of their cell phone contract. Each situation is unique and the amount of reimbursement is unique. The employee must present a copy of their cell phone bill and assert to how much of their bill is company related. This must be done annually or the reimbursement may be considered taxable income for the employee. The employee should maintain a copy of their assertion with their tax records.

504 USE OF PHONE AND MAIL SYSTEMS

Voice-mail is provided to improve business communications. It should not be used as a phone book. You are expected to check your voice-mail frequently, at least daily and follow through as needed. Be sure to keep your voice mail from getting full. To assure effective telephone communications, employees should always use the approved greeting and speak in a courteous and professional manner. Please confirm information received from the caller, and hang up only after the caller has done so.

Messages left on Voice Mail or E-Mail are considered company business and maybe accessed by management personnel. If you need to receive a private message do not direct it to the company voice mail or e-mail systems. Do not open e-mail attachments that are DOC or XLS files, which may contain macro virus unless you trust the source. Never open attachments that are .exe files.

Personal use of telephones for long-distance and toll calls is not permitted. Employees should practice discretion in using company telephones when making local personal calls and may be required to reimburse THE COMPANY for any charges resulting from their personal use of the telephone.

The use of THE COMPANY paid postage for personal correspondence is not permitted.

505 SMOKING

In keeping with THE COMPANY's intent to provide a safe and healthful work environment, smoking is strictly prohibited in all nursery areas, company vehicles, offices, restrooms, greenhouses, or other indoor spaces. Smoking is only permitted offsite during rest and meal breaks. Violation of this policy may result in disciplinary action or termination of employment.

This policy applies equally to all employees, customers, and visitors.

506 COMPANY DRIVERS

Every employee who potentially drives and company vehicle must be listed with the insurance company and must comply with the safety policy.

Pre-employment drug screens are required for all applicants being considered for the position titled "driver" or anyone driving during the course of work. Before any employee hired by the company as a driver is eligible to drive a company vehicle the company must receive a satisfactory MVR report and a passing drug screen result. An employee whose documented MVR report is not in agreement with

declarations made on the employment application is subject to immediate disciplinary action, up to and including termination. When an employee has stated that he/she has a clean driving record, and only under limited circumstances, may the driver drive a company vehicle while his/her MVR report is pending.

Any employee eligible to drive a company vehicle will have their driving record checked. If at any time their driving record reflects standards that fall below those set by the company, their eligibility to drive a company vehicle will be revoked, and they may be subject to termination.

Drivers of company vehicles must be a minimum of 18 years of age, with a valid Texas drivers' license and good driving record. Evaluation of driving performance records is based on each driver's Motor Vehicle report:

Time period considered: The past 3 (three) years. Any driver with 3 incidents or violations in the past 3 years will not be allowed to drive a company vehicle. However, Major Convictions as defined below, are counted back as far as 5 years. Any driver with even 1 major conviction will not be allowed to drive a company vehicle.

A Major Conviction is any citation that involves:

Driving while intoxicated or under the influence of alcohol or drugs

Failure to stop and report an accident

Homicide, manslaughter or assault arising out of the operation of a motor vehicle

Driving while your license is suspended or revoked

Reckless driving

Possession of opened container of alcoholic beverages

Speed contest, drag racing, or attempting to elude an officer of the law

Proof of comprehensive and liability automobile insurance will be required by any employee driving their personal vehicle for company business.

507 OVERTIME

When operating requirements or other business needs cannot be met during regular working hours, employees will be given the opportunity to volunteer for overtime work assignments. All overtime work must receive the supervisor's prior authorization. Overtime assignments will be distributed as equitably as practical to all employees qualified to perform the required work.

Overtime compensation is paid to all nonexempt employees in accordance with federal and state wage and hour restrictions. Overtime pay is based on actual hours worked. Time off on sick leave, vacation leave, or any leave of absence will not be considered hours worked for purposes of performing overtime calculations.

Employees who work overtime without receiving prior authorization from the supervisor may be subject to disciplinary action, up to and including possible termination of employment.

508 USE OF EQUIPMENT AND VEHICLES

Equipment and vehicles essential in accomplishing job duties are expensive and may be difficult to replace. When using property, employees are expected to exercise care, perform required maintenance, and follow all operating instructions, safety standards, and guidelines.

Please notify the supervisor if any equipment, machines, tools, or vehicles appear to be damaged, defective, or in need of repair. Prompt reporting of damages, defects, and the need for repairs could prevent deterioration of equipment and possible injury to employees or others. The supervisor can answer

any questions about an employee's responsibility for maintenance and care of equipment or vehicles used on the job.

The improper, careless, negligent, destructive, or unsafe use or operation of equipment or vehicles, as well as excessive or avoidable traffic and parking violations, can result in disciplinary action, up to and including termination of employment.

Employees are prohibited from using company owned vehicles for personal use unless authorized in writing to do so. Passengers other than authorized company personnel are not permitted in company vehicles.

There will be no smoking in company vehicles and no “texting” while driving.

In the operation of equipment or vehicles the employee will abide by all state and federal highway laws. Traffic citations are always the responsibility of the employee driving the vehicle as all traffic regulations are to be properly observed. **Promptly report any accident regarding a vehicle or vehicle damage to Administration. An officer of the law must be called to the scene of all vehicle accidents.**

Always look back before backing up

Tie down all material on trucks

Any incident or unsafe conditions are to be reported immediately to your supervisor

A speed limit of 5 miles per hour will be maintained on all company roads

Operators of equipment must make certain that no personnel are standing on running boards, sitting on the hood, sitting on the roof, sitting on the tailgate or standing on the truck bed when the truck is moving.

You must be checked out and approved before operating any company equipment or vehicles. If you have not been checked out by authorized personnel on a specific piece of equipment, and approved to operate it, do not touch the equipment. Employees will be financially responsible for damage to equipment caused by negligence, misuse, or unauthorized use of equipment. Employees are prohibited from using company owned equipment for personal use.

509 TOOLS

Employees are asked to put up a deposit on personal hand tools (i. e. hand shear, knife, etc.). The deposit will be in the amount of the cost of the item. Should you wear out the tool, a new one will be exchanged at not additional cost; however, the tool must have been properly used. Should you leave employment, the deposit will be returned after turning in your tools. Some tools will be provided without deposit, but it is your responsibility to maintain and put away these tools. Employees may be required to pay for tools that are lost or damaged due to negligence.

Personal belongings such as tools, radios, books, etc., which are left at the company are left at the employees own risk. The company is not responsible for any losses that may occur.

Employees are prohibited from using company owned tools for personal use.

510 TECHNOLOGY- Computer, Internet, V-mail, E-mail Use

PURPOSE:

Clarify the company policy and priorities on the use of modern technological equipment like computers, digital cameras, voice-mail and e-mail.

- 1. Business use only.** The Company provides Internet access (including e-mail) to employees based on the needs of their position in order to assist and facilitate business communications and

work related research. These services are for legitimate business use only in the course of the employees' assigned duties. All materials, information and software created, transmitted, downloaded or stored on the company's computer system are the property of the Company and may be accessed only by authorized personnel.

2. **Prohibited uses.** Inappropriate Internet use includes: transmitting obscene, harassing, offensive or unprofessional messages; accessing any site that is sexually or racially offensive or discriminatory; displaying, downloading or distributing any sexually explicit material; transmitting any of the Company's confidential or proprietary information, including customer data, supplier identity, trade secrets or other materials covered by the Company's confidentiality policy.
3. **Monitoring.** The Company reserves the right to monitor employee use of the e-mail system or the Internet at any time. Employees should not consider their Internet usage or e-mail communications to be private. Personal passwords are not an assurance of confidentiality, and the Internet itself is not secure.
4. **Copyright restrictions; permission required.** Any software or other material downloaded into the Company's computers may be used only in ways consistent with the licenses and copyrights of the vendors, authors or owners of the material. Prior written authorization from Jon Pinkus is required before introducing any software into the Company's computer system. Employees may not download entertainment software, games or any other software unrelated to their work.
5. **No company representation.** Only authorized employees may communicate on the Internet on behalf of the Company. Employees may not express opinions or personal views that could be misconstrued as being those of the Company. Employees may not state their company affiliation on the Internet unless required as part of their assigned duties.
6. **Violations.** Any violation of this policy may result in loss of computer access and disciplinary action, including immediate termination.

Helpful Information.

When leaving a computer always exit your program properly. "Log off" if that function is available. Computers should always be left at a menu screen with a "screen saver" or shut down. At the end of the day all monitors should be shut off. Sleep mode does not materially reduce the energy consumption of a monitor. (About 60 watts)

If you are interrupted while using a computer and need to leave it for a few minutes, always save your work and leave your screen on the "Desk Top" or "Log Off" your terminal. Do not leave your work out and unsaved.

If you need to use a computer and someone else has left their work out, assume that they will be returning very shortly. If they do not, make some effort to determine their return. If you cannot, save the work and proceed with your work.

511 EMERGENCY CLOSINGS

At times, emergencies such as severe weather, fires, power failures, or earthquakes, can disrupt company operations. In extreme cases, these circumstances may require the closing of a work facility.

When the decision to close is made, time off from scheduled work will be unpaid. However, with supervisory approval, employees may use available paid leave time, such as unused vacation benefits.

512 BAD WEATHER

If your particular job is affected by bad weather (rain, ice, etc.) and you have a question as to whether there will be work on a given day, telephone your supervisor in advance of your scheduled start time for instructions.

513 LAYOFFS and REHIRE

Regular work will be provided as far as practical. However, because of the seasonal nature of our business and its dependence on the weather, there are times when layoffs are necessary. If a layoff should become necessary, employees will be laid off on the basis of their skill, ability, attendance and production records. The least experienced and least productive persons will be laid off first.

All departments will try to schedule work so that employees who must be laid off can be given adequate advance notice. However, it is recognized that there are times when economic conditions make it impossible to give such advance notice.

Laid off employees are urged to see the Personnel Manager upon receiving notice of layoff to let the company know they desire to be called back to work, or if possible, to arrange transfer to work in another department.

Employees who decline being recalled to their regular jobs will be considered as having resigned. Employees who have been laid off due to seasonal needs of the company are eligible for rehire, as long as they paid all debts, properly returned all keys, tools, uniforms, etc.

If the rehire takes place within 6 months and in the same calendar year as the lay-off:

- We can use the original application,
- The rehired employee will be reinstated with their previously earned seniority and benefits. No benefits accrue while the employee was not actively employed.

If the rehire date is more than 6 months after the lay-off date or in a new calendar year the employee must be hired as a new employee without any carry over seniority or benefits.

514 VISITORS IN THE WORKPLACE

To provide for the safety and security of employees and the facilities at THE COMPANY, only authorized visitors are allowed in the non-public workplace. Restricting unauthorized visitors helps maintain safety standards, protects against theft, ensures security of equipment, protects confidential information, safeguards employee welfare, and avoids potential distractions and disturbances.

All visitors should enter THE COMPANY at the main entrance. Authorized visitors will receive directions or be escorted to their destination. Employees are responsible for the conduct and safety of their visitors.

If an unauthorized individual is observed on THE COMPANY's premises, employees should immediately notify their supervisor or, if necessary, direct the individual to the main entrance.

515 COMPANY-ISSUED CREDIT CARDS

The Company will issue company credit cards to certain employees for use in their jobs; this policy sets out the acceptable and unacceptable uses of such credit cards. Use of company-issued credit cards is a privilege, which the Company may withdraw in the event of serious or repeated abuse. Any credit card the Company issues to an employee must be used for business purposes only, in conjunction with the employee's job duties. Employees with such credit cards shall not use them for any non-business, non-essential purpose, i.e., for any personal purchase or any other transaction that is not authorized or needed

to carry out their duties. Employees must pay for personal purchases (i.e., transactions for the benefit of anyone or anything other than the Company) with their own funds or personal credit cards.

The Company will not regard expenses for one's own business-related use, such as lodging and meals while on company-approved business trips, as personal purchases, as long as such expenses are consistent with the **Company's Travel Expense Reimbursement Policy**. (see Managers Compensation Policies on Company Intranet.)

If any employee uses a company credit card for personal purchases in violation of this policy, the cost of such purchase(s) will be considered an advance of future wages payable to that employee, and will be recovered in full from the employee's next paycheck; any balance remaining will be deducted in full from subsequent paychecks until the wage advance is fully repaid. Such deductions may take the employee's pay below minimum wage for the pay period(s) in question.

If an employee uses a company credit card for any other type of unauthorized transaction in violation of this policy, i.e., incurs financial liability on the Company's part that is not within the scope of the employee's duties or the employee's authorization to make business-related purchases, the cost of such purchase(s) or transaction will be the financial responsibility of that employee, and the employee will be expected to reimburse the Company via deductions from pay until the unauthorized amount is fully repaid. Such deductions will be in the amount of the unauthorized purchase(s), but if a deduction for such amount would take the employee below minimum wage for the workweek in question, the deductions will be in two or more equal increments that will not take the employee's pay below minimum wage for any workweek involved. In addition to financial responsibility and liability for wage deductions, any purchases an employee makes with a company credit card in violation of this policy will result in disciplinary action, up to and possibly including termination of employment, depending upon the severity and repeat nature of the offense.

601 MEDICAL LEAVE

THE COMPANY provides medical leaves of absence without pay to eligible employees who are temporarily unable to work due to a serious health condition or disability. After the first month the employee will become responsible for the full costs of these benefits. Payment must be received in advance if coverage is to continue.**

Benefit accruals, such as vacation, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

So that an employee's return to work can be properly scheduled, an employee on medical leave is requested to provide THE COMPANY with at least two weeks advance notice of the date the employee intends to return to work. When a medical leave ends, the employee will be reinstated to the same position, if it is available, or to an equivalent position for which the employee is qualified.

If an employee fails to report to work promptly at the end of the medical leave, THE COMPANY will assume that the employee has resigned.

602 FAMILY LEAVE

THE COMPANY provides family leaves of absence without pay to eligible employees who wish to take time off from work duties to fulfill family obligations relating directly to childbirth, adoption, or placement of a foster child; or to care for a child, spouse, or parent with a serious health condition. A serious health condition means an illness, injury, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical care facility; or continuing treatment by a health care provider.

Employees in the following employment classifications are eligible to request family leave as described in this policy:

Eligible employees may request up to a maximum of 12 weeks of family leave within any 12-month period. Any combination of family leave and medical leave may not exceed this maximum limit. If this initial period of absence proves insufficient, consideration will be given to a written request for a single extension of no more than 30 calendar days. Employees will be required to first use any accrued paid leave time before taking unpaid family leave. Married employee couples may be restricted to a combined total of 12 weeks leave within any 12-month period for childbirth, adoption, or placement of a foster child; or to care for a parent with a serious health condition.

The Company will continue to provide the same level of monetary participation in health insurance benefits that the employee is currently receiving, until the end of the month in which the unpaid leave begins. **The employee must provide payment in advance for the weeks when they will have no paycheck. After the first month the employee will become responsible for the full costs of these benefits. Payment must be received in advance if coverage is to continue.**

Benefit accruals, such as vacation, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

So that an employee's return to work can be properly scheduled, an employee on family leave is requested to provide THE COMPANY with at least two weeks advance notice of the date the employee intends to return to work. When a family leave ends, the employee will be reinstated to the same position, if it is available, or to an equivalent position for which the employee is qualified.

If an employee fails to report to work promptly at the end of the approved leave period, THE COMPANY will assume that the employee has resigned.

603 PERSONAL LEAVE

THE COMPANY provides leaves of absence without pay to eligible employees who wish to take time off from work duties to fulfill personal obligations. Employees in the following employment classifications are eligible to request personal leave as described in this policy:

Regular full-time employees

Regular part-time employees - (working over an average of 30 hours/week) Temporary/Seasonal employees

Eligible employees may request personal leave only after having completed 275 calendar days of service. As soon as eligible employees become aware of the need for a personal leave of absence, they should request a leave from their supervisor.

Personal leave may be granted for a period of up to 30 calendar days per calendar year. With the supervisor's approval, an employee may take any available sick leave or vacation leave as part of the approved period of leave.

Requests for personal leave will be evaluated based on a number of factors, including anticipated workload requirements and staffing considerations during the proposed period of absence.

Subject to the terms, conditions, and limitations of the applicable plans, health insurance benefits will end on the date the approved personal leave begins. At that time, employees will become responsible for the full costs of these benefits if they wish coverage to continue. **The employee must provide payment in advance if coverage is to continue.**

When the employee returns from personal leave, benefits will again be provided by THE COMPANY according to the applicable plans.

Benefit accruals, such as vacation, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

When a personal leave ends, every reasonable *effort* will be made to return the employee to the same position, if it is available, or to a similar available position for which the employee is qualified. However, THE COMPANY cannot guarantee reinstatement in all cases.

If an employee fails to report to work promptly at the expiration of the approved leave period, THE COMPANY will assume the employee has resigned.

605 MILITARY LEAVE

A military leave of absence will be granted to employees, except those occupying temporary positions, to attend scheduled drills or training or if called to active duty with the U.S. armed services.

The leave will be unpaid. However, employees may use any available paid time off for the absence.

Subject to the terms, conditions and limitations of the applicable plans for which the employee is otherwise eligible, health insurance benefits will end on the date the leave begins. At that time, employees will become responsible for the full costs of these benefits if they wish coverage to continue.

Benefit accruals, such as vacation, sick leave, or holiday benefits, will be suspended during the leave and will resume upon the employee's return to active employment.

Employees on two-week active duty training assignments or inactive duty training drills are required to return to work for the first regularly scheduled shift after the end of training, allowing reasonable travel time. Employees on longer military leave must apply for reinstatement in accordance with all applicable state and federal laws.

Every reasonable effort will be made to return eligible employees to their previous position or a comparable one. They will be treated as though they were continuously employed for purposes of determining benefits based on length of service, such as the rate of vacation accrual and job seniority rights.

In addition, the posting of written solicitations on company bulletin boards is restricted. These bulletin boards display important information, and employees should consult them frequently.

If employees have a message of interest to the workplace, they may submit it to the President for approval.

All approved messages will be posted by President.
